Temadur SR 90

A SCRATCH-RESISTANT POLYURETHANE
TOPCOAT FOR METAL SURFACES

Maintain a flawless finish

TEMADUR SR 90 IS FAST-
DRYING, HIGH-GLOSS,
SCRATCH-RESISTANT
POLYURETHANE TOPCOAT

Easy to apply for long-term protection

Temadur SR 90 is a high-gloss, two-component, fast-drying polyurethane paint for metal surfaces. It dries to a flawless, scratch-resistant finish, forming a durable topcoat with superior weathering and abrasion resistance. As Temadur SR 90 is a flexible product it withstands the mechanical impacts and micro-deformation typically experienced by agricultural, earth-moving and haulage equipment, helping to prevent imperfections in the long term. This makes it especially suitable for original equipment manufacturing.

Temadur SR 90 can be applied with all common spraying techniques including airless, air-assisted airless and conventional spraying. It can also be applied using electrostatic spraying equipment, making it an easy solution for objects with complicated shapes or challenging angles. Temadur SR 90 dries quickly helping to increase throughput time and maximise the efficiency of production lines, saving both time and costs. The painted surface is easy-to-clean, non-chalking and provides extremely good gloss and colour retention, with low haze.

The pot life for Temadur SR 90 is two hours. For application instructions please refer to the product data sheet.

BENEFITS

- ☒ FORMS A DURABLE, SCRATCH-RESISTANT FILM
- ☒ PROVIDES A WEATHER-RESISTANT, HIGH-GLOSS FINISH
- ☒ DRIES QUICKLY TO INCREASE PRODUCTION LINE EFFICIENCY
- ☒ EASY TO APPLY FOR A FASTER PAINTING PROCESS
